OUTREACH ACTIVITIES

October 1, 2023 through October 1, 2024

The unit has selected the following outreach initiatives:

1. Host at least two job fairs during a two-year period

The unit hosted one job fair during the period, on March 11, 2023 at the Inn at Grand Glaze, Osage Beach, Mo. It is estimated that eighty nine people attended the job fair. The CFO, the President, two sales executives and one announcer attended the event on behalf of the unit. The Unit recruited for the open position during this Job Fair.

2. Provide training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

During this past year, the management of Viper Communications, Inc. continued its training of management personnel by studying the book, EEO Law and Personnel Practices by Arthur Gutman. Kenneth Kuenzie, Carolyn Warnebold and Dennis Klautzer studied "Section Two, Issues for Compliance".

3. Participate in other activities than the ones listed that the licensee has designed to further the goal of disseminating information about employment opportunities.

Viper has designed its own Outreach Initiative designed to be more appropriate to its central Missouri location. Specifically, Viper has designed an "Open House" program whereby it invites members of the community to visit the stations on Open House Day to see the facilities, talk with management, owners and talent and to discuss careers with the staff. The Open House was held on November 7, 2023. The event was promoted on the air and through mailings. Six people attended.

In addition to these outreach initiatives, the unit also aired Public Notice Press Releases and mailed notices to each of the community groups on its list. These notices were published twice during the year to notify the public that the stations seek involvement from community groups regarding its recruitment efforts. One additional community group responded and that group now regularly receives information from the unit regarding full-time job openings.
